ATTENTION 4th GRADE WILDCATS PARENTS

Near the end of the spring 2010 season, your child will have the option of trying out for a travel soccer team or he/she can continue in our intramural program for grades 5 & 6.

Here is a brief description of the **TWO** options.

Travel

- The travel teams play at a more competitive level.
- Players must try out to make the teams.
- The travel teams may use trainers &/or coaches to teach additional skills.
- Travel teams do travel within Nassau & Suffolk to play opposing travel teams.
- Travel teams expect players to be committed to the team and play soccer in both the spring and the fall seasons.

Intramural

- The intramural teams play at a level similar to what you have had in the 4th grade.
- There are no tryouts for the intramural teams. We take all players regardless of their soccer skills.
- The intramural division does NOT use trainers, since it is a recreational soccer division.
- Starting with grade 5, the intramural teams for boys or for girls do travel up to 30 minutes within Western Nassau to play opposing towns' intramural teams.
- Players are NOT committed to playing in both the Spring & Fall seasons.

I hope that this letter explains the differences between the two routes your child may take, if he or she wishes to continue playing soccer. If you have further questions about the 5th grade travel or intramural soccer programs, please contact the club's travel commissioner, your child's coach, or the 5th grade intramural director, Joe Mazza at 516 358 7031.
